RESERVE STOCK OF ORE IN JOPLIN DISTRICT LOW.

One-Half of the 3,000 Tons in Operators' Bins Has Alrendy Been Sold for Shipment Next Week.

REPUBLIC SPECIAL Joplin. Mo., May 22.-While there is more than 3,000 tons of ore in the bins of operators throughout the district now. fully one-half of this is sold to begin next week's shipment. There is seldom a time when there is not 1.500 to 2,000 tons of the reserve stock sold ahead.

With the reserve as low as now and with 1,500 tons of this sold, it leaves small choice for the purchasing agents to select from for their early buying the week fol

It has been a hard struggle for the smelters to prevent zinc from advancing. on account of the limited output and large demand for the ore, but the spelter market does not warrant higher prices for zinc. Smelters claim to be losing money at the present price for their metal, and the prices they are compelled to pay for their ore. This has given rise to a rumor that some of the smelters will run part of their furnaces on dead fire until the spelter market advances, as the small output precludes the possibility of reducing the price on ore.

Lead was lower during the latter part of the week, opening at \$88 and declining to \$55 at the close.

ADJUTANT GENERAL BELL WILL RESIGN HIS OFFICE.

Colorado Official Says He Is Tired of Seeing the Military of State Used for Political Purposes.

REPUBLIC SPECIAL. Denver, Colo., May 22.- "I shall resign the office of Adjutant General probably Monday, and by the 1st of July there will be another man in my place," said Adjutant General Bell yesterday.

Adjutant General Bell yesterday.

Before starting in upon his valedictory yesterday, General Bell talked freely about the events of the last few days, and displayed feeling to the extent to warrant the conclusion that his contemplated action was due to recent troubles with his chief, the Governor.

"I don't approve of using the military of the State to help any positical movement," said the General, warruly, "and I object, whether it is in a positive or negative way. I am accused of using or attempting to use the variety.

said the General, warmly, and I object, whether it is in a positive or negative way. I am accussed of using or attempting to use the summary page. This is false, but the corporations used the militia for their purposes, and instead of the militia being used to protect the people and uphold the law that force was actually degraded to the uses of the local corporations to connive at the breaking of the law.

"On Sunday I found that there were many familiar faces upon the streets of the lower part of town, and that they were of the worst type of men in the West. I then discovered that the corporations had sent out all over the West and brought them here. I thought then more than ever that the militia ought probably to be in the vicinity of Denver in case of trouble, but imagine my surprise when I was given orders on Sunday night by the Governor not to call a single man, and to abandon my plan of assembling the troops for practice.

"It was then that I became convinced that the military was to be used, not to enforce the law and protect property, but to encourage trouble by refusing to assemble the troops. The very men whom we used the militia to protect, imported all-around bad men—the very men I ran out of their camps—to break the law in Denver and carry the election in their interests.

"I am sick of the whole thing and will

interests.
"I am sick of the whole thing and will hano in my resignation probably Monday, to go into effect as soon as I can clean up department business which will not be later than July 1."

Meet Kidnapers, Whose Demands Will Be Met if Prisoners Are Released.

Tangier, Morocco, May 22.-The Shereet of Wazan left this morning to meet Rat-sull, the bandit chief, who is said to be

at Beniaros.

Mohammed El Torres, representative of the Sultan of Morocco at Tangler, has empowered the Shereef to say that the Government will grant all of the demands of Raisuli if Ion Perdicaris, the American, and Cromwell Varley, the British captives, are handed over immediately. The soldiers already have been withdrawn from the district where the bandits are located.

Mr. Gummere, American Consul at Tangier, in a cablegram received at the State Department this afternoon, reports that Raisult has communicated with the authorities in Tangier, and that a message has been received from the captives stating that they were well treated. Mr. Gummere does not say what, if any, figure of ransom Raisuil demands, but the bandits intimated that he expected an offer to be made quickly for the release of the cap-

WESTERN FEDERATION OF MINERS TO MEET.

President Moyer Is in Jail and An other Man Will Have to

Preside. Denver, Colo., May 22-The annual convention of the Western Federation of Min-era, which probably will be the most im-

portant gathering ever held by that organization, will open here to-morrow Over 250 delegates from Kansas, Minnesota, Michigan and Alabama, as well as from the Western States, will attend. In the absence of President Moyer, who is still detained by the military in Telluride, Vice President J. C. Williams will preside. Perhaps the most important matter to be discussed will be the question of open meetings of unions affiliated

While the miners are striking for an eight-hour day, the federation will make another determined effort to have the eight-hour law passed at the coming session of the Legislature.
It appears to be the sense of the miners

that they shall not place any tickets of their own in the field, but "go down the line" for the party they believe favors them.

It is believed President Moyer, Secretary Haywood and the Executive Board, with possibly one or two changes, will be selected.

Another matter of great importance was Another matter of great importance was the discussion of affiliation with the American Federation of Labor. Max Morris of this city, who is fourth vice president of the American Federation of Labor, has revelved a telegram from President Gompers, naming himself. President W. L. Mahon of the International Association of Street-Car Men, R.
